

Bootleg Gap Golf COVID-19 Update – March 20, 2020

At Bootleg Gap Golf, the health and well being of our guests and employees is our top priority. We are following the lead of public health authorities and doing our part to limit the spread of the virus.

Here are the steps we are taking:

Golf Shop:

- Enhanced sanitization practices and limiting the guest touch points.
- We ask that all guests use the sanitization station before entering the golf shop.
- No cash transactions. Golfers will have the option to pre-pay for their green fees by calling the Golf Shop before their round.
- Limit the number of guests in the golf shop and on the driving range to maintain social distancing.
- Golf Carts will be washed and sanitized after each round, paying close attention to the steering wheels, side handles, cup holders, cubbies and bag strap areas.
- Keys will remain in the carts and in the ON position.

Golf Course:

- No rakes in the sand traps. Play preferred lies and smooth with your foot when finished.
- No ball washers at the teeing areas
- Please do not remove the flag for putting. Consider a gimme putt length within your group.

Bootleg Gap Grill:

- Enhanced sanitization practices and limiting the guest touch points.
- We ask that all guests use the sanitization station before entering the clubhouse.
- No cash transactions. Tap and go with your debit or credit cards.
- We will restrict occupancy based on the recent social distancing guidelines.
- Take out service will be available

As the golf season approaches, Bootleg Gap Golf will continue to monitor the recommendations of government and health officials. We will continue to abide by the industry's best practices and pass along relevant information and updates as necessary.

Our opening date is scheduled for April 24th and although some of our services may be altered, we still expect a great experience once our golfers hit the first tee. We thank everyone for their understanding and continued support.

Sincerely,

Trevor Simkins
